"Perfect Match" Progressive Lunch

No other social networking club organises Perfect Match Lunches like we do

Carefully selecting people who match on lifestyle, interest, personality and attitude. The result is quite spectacular in bringing together people who are in the same league - similar in looks, intellectual ability, values and education.

Our last Lunch was a real winner: Members arrived at 12.30pm and enjoyed complimentary champagne while mingling with fellow members.

We had 72 people at nine tables of eight. Everyone at each table was carefully chosen to be sitting with

the sort of people they would like to meet. Men moved after mains. Women moved after dessert. After coffee everyone was free to mingle. And mingle we did - till Boronia House closed at 7pm. Some people adjourned to the Oaks till past midnight. Not bad considering lunch started at 12.30pm.
Selection: Members are entered into a pool from which our Matching Wizard identifies and picks the best matches who are then contacted to confirm their attendance.
 We do everything we can to save members wasting their time and money "getting stuck" with people they have nothing in common with. We also aim for harmony in the ratio of men and women at each table.

Feedback from a happy member: "I have to say this was the best 'singles' lunch I have ever been to. A clear indication of the success of this lunch is that it was past midnight by the time I got home."
